Knowledge of database tools (Access, SQL Server, Oracle, MySQL)

RELEVANT EXPERIENCE

Oct. 2015 – **Programmer-analyst and Tech Lead**

...
Systematix, Quebec

- Contract with Autorité des marchés financiers : project **AEP/MISA/ODDI**
- Participation in the development of many applications (VB.NET, ASP.NET MVC, SQL Server, WCF, WPF, Telerik, Kendo UI)
- Using custom development framework (SOA, Unity)
- Using a CRM (Microsoft Dynamics)
- Using SCRUM for development team management
- Participation in the development of BI projects (SSIS, SSAS, SQL Server)
- Using "DataVault 2.0" concepts
- Participation in the development of an hybrid BI/operational project in "agile" mode

June 2012 – **Programmer-analyst**

Oct. 2015
Systematix, Quebec

- Contract with Ministère de la Justice du Québec : project **Mitigation/NCPC/TPC**
- Participation in the development of many applications (C#, ASP.NET, SQL Server, WCF)
- Using custom development framework (MVC-MVPC, SOA)
- Using SCRUM for development team management

- Sept. 2009 – **Programmer-analyst**
June 2012 Systematix, Quebec
- Contract with Agence du Revenu du Québec : project **IMPACT**
 - Participation in the development of the assessment system (VB.NET, Oracle, WCF)
 - Managing a small team of programmers
 - Learning business systems

- May 2008 – **Programmer-analyst**
Sept. 2009 Industrial Alliance, Quebec
- Web development and support (.NET, ASP, IIS, WSSF)
 - Knowledge of MS Project Server and MOSS
 - Reengineering of existing applications
 - Learning business systems (Extranet, Intranet, Web Applications)

- 2007 – 2008 **Developing a system for processing fees automatically (internship)**
Investia - Industrial Alliance, Quebec

ACHIEVEMENTS

- 2015 – ... **Mobile development**
- Using Phonegap platform
 - Using Android/iOS emulators
 - Creation of the app (Javascript, JQuery, HTML5, Handlebars)
 - Using Firebase services (or GCM-APN)

- 2007 – 2015 **Development and management of websites**
- Creation of the interface (XHTML, CSS, JQuery, PHP, HTML5, Javascript)
 - Using a content management system (Drupal, Typo3, WordPress)
 - Using database tools (MySQL)
 - Using virtual machines software (Virtual Box, Parallels, VMWare)
 - Using SSH

OTHER WORK EXPERIENCE

- Aug. 2006 – **Historical transactions agent**
May 2008 Investia - Industrial Alliance, Quebec
- Manage and integrate historical customer transactions in the system
 - Optimize and update the scripts integration

PROFESSIONAL SKILLS

Easiness to work in teams
Ability to manage and resolve conflicts in a team
Self-working, resourceful
Reliable, patient, punctual

AWARDS

Won a trophy for the category "Atout par programme" at a gala awards in 2006.
Was a member of the team that presented their project at gala des Octas of the FIQ (now Réseau Action TI)

SPORTS OR SOCIAL ACTIVITIES

Playing video games (multiplayer or single)
Design and develop games
Fitness and team sports
Reading (News, Technology)
